Prevent Policy

Prevent Policy

Introduction and Context

Our Prevent Policy, Prevent is a strand of the Government's counter-terrorism strategy. The UK faces a range of terrorist threats. Threats are not limited to the threat from religious extremists and we, therefore, need to be mindful of all potential threats to which our learners are exposed to. All terrorist groups who pose a threat to us seek to recruit and radicalise individuals to their cause. Nationally Prevent seeks to:

- Respond to the ideological challenge of terrorism and aspects of extremism, and the threat we face from those who promote those views.
- Provide practical help and support to prevent people from being drawn into terrorism and ensure they are given appropriate advice and support.
- Work with a wide range of sectors where there are risks of radicalisation which need to be addressed, including the education sectors, criminal justice, faith groups, the internet, and health service.

The UK has a system of threat levels which represents the likelihood of an attack in the near future. The five levels are:

- Critical – an attack is expected imminently
- Severe – an attack is highly likely
- Substantial – an attack is a strong possibility
- Moderate – an attack is possible but not likely
- Low – an attack is unlikely.

The current threat level within the UK is determined as Severe.

The Government's new counter-terrorism Bill places certain duties on further and higher education institutions in relation to the prevention of radicalisation and extremism. This policy seeks to ensure that Empentis Training Solutions meets the expectations of this legislation and has an integral part to play in adopting a set of shared 'British values' and promoting community cohesion.

The government's own definition of extremism as contained within the Prevent strategy will be the definition used within this policy and is:

Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces.

Prevent Policy

The Aims of the Prevent Policy

This policy has the following aims:

- To promote and reinforce a set of shared values, founded on tolerance and respect for others.
- To create a safe space for free and open debate.
- To promote a sense of community cohesion both within Empentis Training Solutions and within its wider external community.
- To ensure that learners are safe and that we create an environment that is free from bullying, harassment, and discrimination.
- To support learners who may be at risk from radicalisation and to be able to signpost them to further external sources of support where appropriate.
- To ensure that all staff are aware of their responsibilities under this policy and they are able to recognise and respond to vulnerable learners.
- This policy should be read in conjunction with Empentis Training Solutions Safeguarding Policy and the Equality and Diversity Policy.

Defining British Values

For the purposes of this policy British values will be defined as:

“Democracy, the rule of law, individual liberty and mutual respect and tolerance for those with different backgrounds, characteristics, beliefs and faiths”

This definition is a natural extension of the three core values of Respect, Responsibility and Professionalism.
